NOTICE!

We will make every effort to have a good supply of Rooted Cuttings of all varieties every day throughout the season and make every shipment as promptly as possible. It often happens during the busy season that orders come in very rapidly, and the supply of certain varieties are all sold before another lot is quite ready, for that reason orders for rooted cuttings should be sent in several days before cuttings are wanted.

OUR GUARANTEE

We guarantee all cuttings, plants, and bulbs we send out to be in a good growing condition and properly packed as light as possible to secure safety, but we give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants we send out and we will not be in any way responsible for the crop.

TERMS---CASH WITH ORDER

Our prices are as low as good, clean plants can be sold, and the only way that we can maintain these low prices is to adhere strictly to the rule of *Cash with Order*.
